Crystalotype Portraits.

DAGUERREOTYPES can be accurately copied by Stanwood's Photographic process, enlarged to any required size, and beautifully colored in Oil, Water, or Pastel. Portraits are obtained from the life by this process, requiring no longer sitting than for a common Daguerreotype, thus avoiding the serious inconvenience and fatigue of long sittings. Glass Daguerreotypes, a new article but surpassing all others in durability, are now, for the first time in Bangor, offered to the public. Their great brilliancy and permanency renders them peculiarly suitable for Pins, Rings, &c. The Public are invited to call and examine specimens at HARDY'S Portrait Gallery, next Main-street, a short distance below the Bangor House.

☞ "For Railroad, Steamboat, Stage, Express, Public House Advertisements, see Fourth page.

☞ For Bounty Land notices see First page.

☞ For "City of Bangor" advertisements see first page.

Our neighbors of the Journal are exceedingly impatient to be "counted in" to the democratic party; but we do not believe that the ten thousand Strait Whigs who supported Wells ticket last fall, for the purpose of electing Gov. Morrill, are ready "to serve under the banner" which may be raised by these old fogies. We do not believe that the Strait Whigs are ready to stigmatize their principles as it is stigmatized in the following extract from the Journal's leader of Monday, or to place themselves so abjectly in the ranks of their ancient and hereditary foes. The Journal says:

"We rejoice that the day is so near at hand, in which the people of this glorious republic are to record their verdict upon the fell spirit of discord and treason and disorganization, which for years at least, of its power to do mischief, *on whomsoever it shall devolve to lead in the democratic work*, willing hearts and stout arms will be found in the Whigs of Maine, and all who possess their love of freedom and loyalty to the government, wherever they may live, or *under whatever banner they may serve*."

Would any man believe that a little more than twelve months ago, the men who now manage the Journal claimed to be the strongest advocates of the very doctrines which they now stigmatize as redolent of "discord and treason." It is nevertheless true. All the agitation which the Republicans ask of Congress in regard to the restriction of slavery, was then subscribed to by them, and claimed as Strait Whig doctrines; but they now call it "discord and treason," and are ready to go strait into the camps of the enemies of all free soil sentiment and action.

DELIGHTFUL STATE OF HARMONY. The Lincoln *Democrat*, in speaking of the approaching session of the Legislature, says:

The most perfect harmony of feeling prevails among the democratic and straight-whig members, and they will go together "heart and hand" in all legislative proceedings. This is as it should be, and is OMINOUS OF "A GOOD TIME COMING."

What is the good time coming? When the fusion shall be complete, on the Presidential election—and the strait-whig party shall be entirely melted into the democratic? What position is this for men to be in, who claim to be par excellence whigs and nothing else, and who could not, go with the Republicans because *that* would be abandoning the whig organization? To avoid this they have gone "bag and baggage, into the democratic camp?

CHIEF JUSTICE TANEY. The announcement of the illness and probable retirement of Chief Justice Taney, from the Supreme Court of the United States, has created a feeling not only of regret, but of apprehension in view of the succession throughout the country. The Washington correspondent of the Philadelphia North American justly says, that his separation from the bench, although at any time a serious loss to the country, would be most unfortunate now. Judge Taney has long acted as a wholesome check upon certain of his southern colleagues, who have brought into that tribunal some of the most latitudinarian doctrines of constitutional construction, and dogmas of section, wholly inconsistent with our acknowledged theories of government.

In case a vacancy should occur, the President would probably justify himself for overlooking the senior judge next in the line of promotion by the precedent of General Jackson in appointing Chief Justice Taney outside of the bench. That precedent was assumed to have been founded upon the example of Judge Marshall's instance, but those who cited this authority, always conveniently omitted the fact that the place was first offered to Judge Cushing, who stood next in order and was declined by him.

The Supreme Court needs re-organization for the dispatch of public business. It should be made stationary at Washington, and Circuit Judges be appointed under some scale of equitable distribution among the states. California has one already, as a sort of make-shift, because no Judge of the Supreme Court can make the circuit there and perform his other duties besides. That Judge hears appeals from the United States District Court, and his term is reviewed at Washington. It is wholly impracticable, with the vast accumulation of causes—2,000 in one circuit during the last year—that the ends of justice can be fairly served under the present system. The delay which necessarily occurs almost amounts to a practical denial of it.

A bill to give the choice of Presidential Electors to the people passed the House of Representatives of South Carolina on the 14th inst., by a vote of 54 to 53. It was lost in the Senate, however. South Carolina is at present the only State in the Union in which the Electors are chosen by the Legislature.

RATHER STRETCHED.—The St. John News complains that not a turkey, goose or chicken can be had in that market, except about Christmas time; and furthermore that all the rest are now carried off to the United States under the operation of the Reciprocity Treaty.

HIGH PRICED.—Mr. Bither, the celebrated breeder of horses is at Wingate's Blacksmith Shop on French Street, near Exchange stable. Mr. Bither is known far and wide as most skillful in his profession.

Considerable doubt is felt in New York about the correctness of the news of Robert Schuyler's death at Genoa. Those near the spot generally are responsible for spreading a false report of this kind.

Barstow, (dem.) has been declared elected Governor of Wisconsin, by 143 majority.

The article by "Brutus" shall have place soon.

For the Holidays.

In another column will be found the advertisement of the Christmas and New Year's presents. Those who are especially interested, will find there are many articles of the season, in the more substantial line, which may perhaps be advantageously purchased at this establishment. Those who have not yet made their selection from the columns of our advertising friends and patrons, will find the Christmas advertisement which they are in search of, perhaps, in the attractive articles which they are prepared to furnish for the holidays.

For handsome and appropriate books, and fancy articles of various kinds, which may be made at the establishment of *Mr. E. Farrar*, foot of Hammond St., or that of *Mr. C. Penn*, West Market Square, or upon the counters of *Alonzo Burbee & Co.*, Kenduskeag Bridge, or *Burbee, Barlow & Co.*, Kenduskeag Bridge, or *Barlow's* Block, on Central Street, or *Dennett, Eight & Dennett's* Bookstore, West Market Square, who have all received, and will be receiving assortments of new books, specially adapted to the season.

Fancy goods, jewelry, musical instruments and toys of all description, *Mr. J. R. Goodhue*, No. 1, Kenduskeag Bridge, offers a large and well selected assortment.

A large assortment of toys, fancy articles, &c. well adapted for gifts, may also be found at *Chamberlain's*, No. 12, Gothic Block, under the Hall House.

John A. Hayden & Co., No. 3, Main St., also present an attractive catalogue of fancy goods, jewelry, toys, and useful articles for personal service.

At *Mr. A. Thomas's* old but well known, No. 6, West End Bookstore and Bindery, will be found a large and well selected stock of jewelry silver ware, fancy goods, toys, &c., may be found.

Messrs. *Bartlett, Thompson & Co.*, No. 40, Main St., and 3, Wall St., offer a large assortment of useful and elegant articles for gifts, consisting of ladies' collars, dearly hand-some, embroidery, &c. &c., and gentlemen's shawls, mufflers, handkerchiefs, *pocket wallets*, &c. &c.

Messrs. *A. D. & E. C. Bond*, at Stall No. 2, New Market House, and Store No. 8, Lazarus's Block, Hammond Street, are prepared to furnish all kinds of fruits, oysters, confectionary, candies and candy toys, to please the eye and the taste of the little ones.

POST OFFICE ROBBERY.—The post office at Gardiner was entered on the night of the 19th, and robbed of all the letters except some eight or ten. It is known that there were money enclosures in a number of them. The office is kept in connection with a store, out of which the robbers took six or eight hundred coppers, as we hear.

SAD DEATH.—A little boy about thirteen years old, of Irish parents, was run over on Exchange street in this city, on Monday, and killed by the wheels passing over his head. Two other lads were knocked down by the same team, but escaped with slight injuries. The driver was taken to the jail for safe keeping for a time, and in his absence he skated into the current of water and lost his life.—*Mercury*.

The boy who is son of Mr. Thomas Fannin, and was nearly blinded as we are informed.

LOOK OUT FOR ENTRY THIEVES. On Saturday evening some rogue stole a valuable overcoat from the front entry of Mr. Elmer J. Murphy's house, on State street. The coat was of seal skin on one side and of blue broadcloth the other—made to wear either side out.

APPOINTMENT. We learn with pleasure that Mr. F. E. Stickney, of this city, has received an eligible appointment in one of the Comptroller's Departments at Washington. Mr. S. is a gentleman of faithfulness and ability.

The remarkably mild weather still continues—or did up to last evening. Sate ay was a pleasant April day, and a warm rain came on during the night.

DEATH BY DROWNING.—On Tuesday last Mr. Willard J. Hammenway, of Jerseymouth, lost his life under the following painful circumstances: In the latter part of the day Mrs. Hammenway was from the house, his little son, who was playing on the river, fell through the ice. She immediately apprised her husband, who, on coming to the spot plunged in, and succeeded in throwing the little boy out upon the ice; but doubtless greatly fatigued, sunk, and was drowned himself. He was about thirty-eight years of age, a worthy and upright citizen, greatly respected, and whose untimely death while in the performance of an act of the highest paternal devotion, will throw a gloom upon the whole town. He leaves an amiable wife, and a household of children to mourn his loss.—*Belfast Journal*.

PETIT COMMITTED FOR MURDER.—The examination of Cobban and Dalton resulted on Wednesday in their being fully committed to await their trial for the crime of murder. Justice Channing, in summing up the evidence on which he based his opinion, bore very hard upon the prisoners, stating that to his mind there was no doubt, that if the defendants did not actually intend to kill Sumner, they intended to treat him to the very verge of death.

SUDDEN DEATH.—We regret to hear of the death of another of our aged citizens, Mr. Henry Hatch. He was attacked suddenly at the breakfast table yesterday morning, and lived but a few hours after. He was about 77 years of age. Mr. Hatch was a brother of the late Isaac Hatch, and was highly esteemed throughout the community.—*Portland Argus*, 21st.

Capt. E. R. Hyde entered upon his duties as Superintendent of the K. & L. R. R. on Wednesday last, 19th. Mr Partridge of Scarapple succeeds him as Cashier of the Hall Bank.

HORSE TRICKS ridiculed this practice of scalping and said, if any one of the sea species were sick, it would be just the right for a fish physician to order them to go on shore. Horses declared that sea-bathing was only reckoned healthy because many persons have been *known to survive it*; but Sheridan's objection to salt water was the most cogent.—"Pickles."

Congressional.

WASHINGTON, Dec. 22.

In the House to-day a resolution was adopted confining every member in debate to ten minutes.

Mr Stanton offered a resolution to elect Speaker by a plurality vote. The roll was called, and the resolution tabled by a vote of 114 against 107.

Mr Sapp offered a resolution that after to-day the House shall meet at 10 o clock A. M., until the election of Speaker be effected. Rejected by two majority.

Mr Perry said that the House had decided to-day not to elect a Speaker by plurality, the rule he offered a resolution that after to-day no debate be in order till the Speaker was elected. He thought this if adopted, would result in the speedy organization of the House.

Mr Keith offered an amendment that after to-day all balloting for Speaker be suspended until the third day of January—the reason assigned be ing that a majority of the Senate have left the city, and it will therefore be impossible to obtain a quorum for the reading of the Message, even if the House should organize before that time.

Mr Bocock suggested that acting under ordinary parliamentary rules a majority might rescind the resolution and then proceed to ballot, in undue advantage might be taken.

Mr Keith said it would be base and infamous to do so.

Mr Sherman maintained that the first business to be done was to elect a Speaker, and the House could not postpone that duty. The House refused, by a majority of ten to lay the whole subject on the table.

Mr Keith's amendment was rejected, and the consideration of Mr Perry's resolution postponed until Monday. Adjourned.

The Propose Evacuation of the Crimea—The Cronstadt Expedition.

NEW YORK, Dec. 22.

The Paris correspondent of the Evening Post writes: Marshal Pellissier demanded permission to evacuate the Crimea forthwith. He declares that it is impossible to continue operations there on account of the want of water for the horses of the army. The Russians have poisoned the wells, and he asks what is the use of keeping an army of 160,000 men shut up in their entrenchments. It will be sufficient to leave a garrison at four or five points, but there is much fear here in regard to the moral effect of an evacuation of the Crimea. The matter is still undecided. It is probable, however, that the advice of the Marshal will be adopted. It also is said that England wishes next spring to undertake alone the maritime expedition against Cronstadt, reserving to herself, however, the privilege of demanding the aid of an army for disembarkation in case of necessity.

The steamship Empire city left this afternoon at three o'clock for Aspinwall. She takes the Pacific mails and a large number of passengers for California.

We clip the following paragraph from a lecture on astronomy, delivered in Newark, last week, by Prof. Mitchell:

To obtain some idea of the immensity of the Creator's works, let us look through Lord Ross' Telescope, and we discover a star in the infinite depths of space, whose light is 3,000,000 years travelling to our earth, moving at the velocity of twelve million miles in a minute. "And, behold God is there!"

John Hullock, from the 7th Congressional District (New York city), and G. G. Dean, from the 6th District, embracing Williamsburg, are K. N. delegates elect to the National Convention. The Times thinks Law and Fillmore will be the only K. N. candidates from New York, and says—

"The present appearances are that a majority of the delegation from this State will be for Law and against Fillmore. Every man in the Order of anti-Nebraska tendencies opposes Fillmore."

The ship Modern Times is loading at Boston for Australia, and for her cargo she carries out *eleven thousand barrels* of flour! This is probably the largest shipment of flour ever made in one vessel from Boston.

Holloway's Ointment and Pills will cure any disease of the skin, of the longest standing. William Frederick Nadolphe, of Yadkin, South Carolina, suffered for a long time from eruptions on the skin,—his face, arms, and legs, were covered with little pimples and sores of a scorbutic nature. For the cure of this unsightly and painful disfigurement he tried a variety of remedies, which failed to benefit him. At last he tried Holloway's Ointment and Pills, which soon produced a favorable change, and by a few weeks perseverance with these remedies he was completely cured. This famous Ointment will cure ulcers and old wounds of twenty years standing.

ARNOLD'S COMBINED

FOOT STOVE, LANTERN,
—AND—
NURSE LAMP.

ALBERT NOYES having purchased the exclusive right for manufacturing and vending in Penobscot county, the above valuable invention, is now prepared to offer them to the public.

As a FOOT STOVE, it answers an excellent purpose, as it can be sufficiently heated in less than of a minute to warm and dry the feet in the coldest winter weather, and will be found to be an indispensable article in travelling. It is heated by an oil, alcohol or fluid lamp, the flame of which is protected from every external object.

As a LANTERN, it answers all the usual purposes, and is not so likely to be overset, or get broken, as is the ordinary house lamp, with equal advantage.

As a NURSE LAMP, and in cases of sickness, it is of great utility, in keeping drinks or medicines warm, and in giving the light desired, and for cooking in small quantities. For making tea, &c., it will be found very convenient, as a quart of water can be boiled in fifteen minutes, and a flat-iron heated the same length of time.

In fact, the various purposes to which this neat apparatus can be put may be readily conjectured by every one. No further description is required, as no one can misunderstand its general utility. To say anything more respecting its adaptability to a hundred purposes would be just telling what our readers can tell for once for themselves.

For sale, wholesale and retail, at

MASON BROTHERS, NEW YORK,
HAVE JUST PUBLISHED:

1

The Letters of Madame de Sevigne

TO HER DAUGHTER AND FRIENDS. Edited by *Mrs. Sarah J. Hale*, author of "Northwood," "Woman's Record," etc. Being Vol. 1 of the Library of Standard Letters. 1 vol., 12mo. 438 pp. Price $1,25.

From the *Boston Traveller* we make the following extract, which ably setsforth the excellences of this valuable work.

Madame de Sevigne, whose letters are here published, was one of those gifted ladies whose polished manners, and brilliant intellectual accomplishments, imparted such lustre to the Court of Louis the Fourteenth; and her letters—most of which were addressed to her daughter—not only give particulars which afford a perfect picture of the times; but are also distinguished by the easy gracefulness of their style, and the charming maternal tenderness which shines through all."

The Press, generally, has bestowed unqualified praise upon this volume.

The *New York Tribune*, speaking of the letters, says: "Their lively pictures of French manners, and their trustworthy accounts of historical events, will always secure to them a large circle of intelligent readers." The *New York Journal of Commerce* styles them "models of epistolary composition. The *Newburyport Union* calls the author "one of the most fascinating of the whole letter-writing race." And the *Boston Post* says: "As a family book this volume can not but be welcome." "She invests," says the *New York Mirror*, "the most common-place particulars of life with a suggestiveness which startles the reader." And in another portion of his lengthy notice, the critic of the *Mirror* says her "letters are written in simple, easy periods, and are remarkable for that combination of wit, wisdom, and charity, which is so rare and so attractive."

The biographical sketch of Madame De Sevigne, by Mrs. Hale, forms a most attractive portion of the book. A widow, youthful, gifted, beautiful, vivacious and impassioned, she devoted her life to her children and friends; and amid the allurements of a corrupt court, sustained herself unblemished. The perusal of the life of this high-principled woman can not but prove beneficial to all.

"No book is better adapted for a Holiday Present than this."—*New York Despatch.*

"There is a freshness, a vitality, and life-like character to these three tales, such as we have not met with for a long while in the best works of fiction which have been claiming our notice for the past few months."—*Boston Atlas.*

3

Wager of Battle:

A TALE OF SAXON SLAVERY IN SHERWOOD FOREST. By *Henry W. Herbert, Esq.*, author of "Marmaduke Wyvill," "Henry VIII and his Six Wives," etc., etc.

"Herbert is the best living historical novelist." *Boston Transcript.*

"'The Wager of Battle' is the best of Herbert's works.—*N. Y. Despatch.*

"Mr. Herbert has more than sustained his reputation as a novelist in this truly fascinating, romance."—*Philadelphia News.*

"Every one who is susceptible to the charms of romance will read it with intense interest."—*N. Y. Commercial Advertiser.*

"The present work is even richer in the elements of popular interest than Mr. Herbert's previous fictitious compositions, and will deservedly increase his reputation, as a brilliant and vigorous novelist."—*N. Y. Tribune.*

AGENCY FOR BUSINESS

WITH U. S. PATENT OFFICE.

WASHINGTON

No. 76 State Street, opposite Kilby St.

BOSTON

IMPORTANT INFORMATION TO INVENTORS.—The subscriber, (late Agent of the U S Patent Office under the Act of 1837) determined to present advantages in applying for patents, superior to those offered inventors by others has made arrangements whereby an application prepared and conducted by him (FIFTY DOLLARS (instead of *Thirty*, as paid here by others) will be remitted by him in case of failure to obtain a patent and the withdrawal, through him, within thirty days after the rejection. Caveats, Specifications Assignments and all necessary papers and drawings, for procuring patents in this and foreign countries prepared, and advice rendered on legal and scientific matters respecting inventions and infringement of patents.

Inventors here not only can obtain clear specifications on the most reasonable terms, (generally about 33 per cent less than the usual charge in the profession) but avail themselves of the experience of twenty years practice, his visits to the Patent Office, an extensive library of legal and mechanical works, and correct accounts of patents granted in this and other countries, besides being saved a journey to Washington, the usual great delay there, as well as all personal trouble in obtaining their patents. Copies of claims of any patent furnished by remitting one *dollar*. Assignments recorded at Washington. Patents in Great Britain, France and other foreign countries, secured through agents of the highest respectability.

E. H. EDDY, *Solicitor of Patents*

During the time I occupied the office of Commissioner of Patents E H Eddy Esq of Boston, did business in the Patent Office as my counsel for curing patents. There were few gentlemen who transacted business before the Office with more skill, fidelity, and success. I refer to Mr Eddy as one of the most honorable and upright practitioners at the Patent Office, and I have no hesitation in recommending inventors that they cannot employ a person more competent to procure and protect their inventions, or a firm more capable of putting the applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,

Late Commissioner of Patents.

From the present Commissioner.

"April 17, 1855.—I congratulate those who have their business with the Office as acts better than to thoroughly acquainted with the law and the rules and practice of the office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHARLES MASON,

REV. WALTER CLARKE,

Proprietor Compounded in Colerain, Maine.

Within the last twelve months thousands of bottles of the Universal Cough Mixture have been sold in the State of Maine alone, and everywhere it has been used during the prevalence of the Cheap and Lingering Coughs it has gratefully adopted, and especially in cases of obstinate and long standing Coughs it has speedily allays the most distressing irritation in the throat which excites the cough, promotes free and easy expectoration, removing the exciting cause of the cough, and gently enables the sufferer to enjoy natural and refreshing sleep, which for weeks had been deprived of that blessing.

Sold in trial bottles 25 cents each; large size each containing the quantity of four small ones 75 cents each.

Extract of a letter from Daniel Adams, Esq., of Bowdoinham, Maine

Bowdoinham, Me. March 17th 1853.

Mr Walter Clark

Dear Sir—Please send me one dozen bottles of your Universal Cough Mixture for my own use. I have used two bottles of it myself, and have several times recommended it to others who had long standing, aggravated coughs, and they have all found relief from its use. From Rev. Jesse Boyd, Lewiston Falls.

Dear Sir—Every bottle of your Universal Cough Mixture which you sent me I have used myself, and have found relief from its use. I have several times recommended it to others who had long standing, aggravated coughs, and they have all found relief from its use. One man who had had a cough for two years—that was entirely removed in a few days. Another had had a cough for three years, and before he had used one bottle of your Mixture the cough was entirely removed. Another had had a cough for a long time, and was given up by the physicians as incurable, and before he had used one bottle of your Mixture he was entirely relieved from his cough. I have given away a number of bottles of your Mixture, and have never known it to fail in giving relief. I cannot but recommend it to the public.

From Rev Fletcher Child, Agent for North Dixmont, Maine

Dear Sir—A number of my friends have received extraordinary cures effected by your Universal Cough Mixture in this vicinity. Several who had been afflicted with Consumption, and who had been under the care of Physicians, and had taken many bottles of Cough Mixture without receiving any benefit, have been speedily cured by the Universal Cough Mixture.

From Mrs Hubbard, Thorndike, Me

Thorndike, Me. February 1, 1854.

Dear Sir—I write you these few lines to inform you that I have used one bottle of your Universal Cough Mixture for a distressing cough and soreness in the lungs. I had previously taken several bottles of Cough Mixture, without any relief, but found in the first bottle of your Universal Cough Mixture great relief, and by the use of two bottles was entirely cured.

KENNEDY'S

MEDICAL DISCOVERY

The Greatest of the Age!

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures *EVERY KIND OF HUMOR*, from the worst Scrofula down to a common pimple. He has tried it in over eleven hundred cases, and never failed, except in two. He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst cases of erysipelas.

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running in the ears and blotches in the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two to three bottles are warranted to cure the worst case of ring worm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to six bottles are warranted to cure salt rheum.

Five to eight bottles will cure the very worst case of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure warranted when the above quantity is taken.

Nothing looks so unreasonable to those who have in vain tried all the wonderful medicines of the day as, that a common weed growing upon the pasture and along old stone walls should cure every humor in the system—yet it is now a fixed fact. If you have a humor it has to start. There are no ifs nor ands about it, as in the case of most other medicines. Do not waste your money and your time on worthless stuff, but get the only sure remedy, and be cured at once.

Sold at the Manufactories of Professor Holloway, 80 Maiden Lane New York, and 244 Strand London and by all respectable Druggists and Dealers of Medicines throughout the United States and the civilized world in boxes, at 25 cts 62½ cents and $1 each.
